

Roles and MVP at Spotify

You could I torrent all the music I want, manage a library and set up streaming around the house, sync the files with my phone, etc? Yes. I used to do it too but now I just don't want to even think about it. \$15/mo and it's solved. Forever.

Spotify solves the above problem.

MVP:

- Find a library of 1000 free songs
- Build a good looking player
-

Marketing

- Add metadata from CD-Database.
- Distribute on reddit, hn,
